SPECIALIST SERVICES

Thank goodness for the custom-made bespoke shutter company, **Shutterly Fabulous**. As well as a showroom in Hove, East Sussex, it offers a selected countryside service, including the whole of London. One of its founders, Mark Carter, was previously head of cabin services at Virgin Atlantic, and likes to deliver consistently high standards. Shutterly Fabulous offers many different designs, all made using high quality solid hard woods from FSC certified forests, and the finish can be matched to any colour the customer brings in, or stained in a variety of natural shades. If you enter your window dimensions online, a quote will be sent back to you the very same day. For more information, visit shutterlyfabulous.com or call 0845 644 2873
