## Styles

### Tier-on-tier shutters

Versatility is the word for our tier-on-tier shutters. The upper and lower panels can be opened independently for greater privacy and light control at all times of day. Perfect for homes with windows near the street.

### Full-height shutters

Add clean lines and an elegant finish to any window or door with our full-height shutters. In many cases, fitting a mid-rail increases the practical and aesthetic benefits of this style.

### Tracks and doors

We offer a variety of options to spruce up any door set. A tracked formation is just the thing for a large run of glass or room divider, with shutters that slide majestically aside to reveal the full space behind.

# Styles

## Solid shutters

Inspired by the Victorian era, the solid panel design of the original UK shutter style comes with plenty of pluses. As well as achieving total privacy when closed, they act as an extra barrier against noise and weather – the ultimate in snug, secure home comfort.

## Shapes

Arches. Hexagons. Circles. Triangles. Awkward angles. Whatever the peculiar shape of your window, we'll make a shutter to fit it. Plus don't think for a second that you have to settle for a blind on your Velux® window – we can even make a wooden shutter for that.

## Café-style shutters

The shutter for stylish street-front rooms. Covering only the lower half of your window, café-style shutters keep prying eyes out but still let the light flood into your room. Ideal for anyone who wants to keep their curtains open but gain some privacy.

"One of the most professional companies I've dealt with in a long time. I am really fussy about customer service and will always have a bit of a whinge if things don't come up to scratch, but I can honestly say the quality of service has been superb"

## Ranges

Our ranges are designed with style and simplicity in mind. Measured, manufactured and fitted exclusively by Shutterly Fabulous, they're aimed at all tastes and budgets. Premium kiln-dried hardwoods guarantee longevity and durability across every range. Quality control is too important to us to offer any MDF shutters.

# Ranges

## **Classic Poplar Wood**

Fast-growing yellow Poplar has a smooth, even grain that adds strength and beauty to our core range. Shutters made from this lightweight timber are perfect for hanging across large windows and doorways, while any custom shape can be catered for.

## **Premium Elm Wood**

Create a truly elegant look with our Premium Elm range, made to measure for doors and windows of any size and shape. The deep grain of Elm gives a sophisticated natural wood effect, best accentuated by a rich stained finish available in a variety of tones.

## **Waterproof Polyvinyl**

Perfect for sizzling kitchens and steamy bathrooms, our Polyvinyl range is waterproof and impervious to moisture. Hardwearing and durable. With three glorious shades of white to choose from, they will fit beautifully into any room.

## Custom colour service

Make the ultimate statement with our unique colour-matching service. Choose any colour you like, give us a sample and we'll match it in a paint or stain finish. Tie your shutters into the colour scheme of your room. Create dramatic contrasts with furniture or accessories. Bring your inimitable interiors vision to life. Don't worry about second guessing – we'll have a sample mixed, sprayed onto a shutter slat, and a photograph sent to you for approval.

## Get to know our shutters

They're about to make a big impact on your life, so it's worth taking a closer look. Explore our hardwood plantation shutters in detail and see why they're such a great choice for your home.

- 1 Top and bottom rails enclose the slats to form the panel. (You can add a middle rail if you like.)
- 2 Front push rods sit in a recessed mouse hole on the top rail when slats are shut.
- 3 The frame houses the panel; it can fix directly onto your window frame or into a window recess.
- 4 Vertical rails either side of the panel are called stiles.
- 5 The front push rod is a thin wooden bar connected to the slats, controlling their position when moved up or down.

"I particularly liked the way they offered a 'ballpark' quote without obligation – so many companies won't give you a clue until you've taken the day off work for them to measure up. No hard sell, just a fantastic service and product at a reasonable price"

# Why choose us?

The closer you get, the better it looks. We firmly believe this applies equally to our shutters and our company. Our products reveal a level of craftsmanship, care and attention unrivalled in UK shutters. Just as importantly, we put our all into being the most reliable, dedicated and pleasant shutter company you could wish to work with. Of course, every customer's experience is different\*, but here are a few of the things that set us apart.

## Shutterly Fabulous from A to Z

We're proudly independent. You can trust us to take care of your order from start to finish, safe in the knowledge that your shutters have been designed, measured, made and fitted expertly and exclusively by us.

## A pleasure to work with

Choosing shutters for your home is both an investment and an experience you want to enjoy. We promise to keep things simple and satisfying. We won't bamboozle you with endless catalogues of products and different materials. With us you get premium-grade hardwood shutters – nothing less, nothing else.

## Your shutters, your way

Our collection of shutters can be made to fit any window and doorway, and installed in the most unlikely spaces. You can even add nifty design elements like hidden push rods, and fashionably wide louvres – all at no extra cost.

## Our price promise

Our transparent pricing policy means we can give you a quote before you book your free design consultation. We guarantee it will be a great one; having our own manufacturing facility means we can keep our costs right down and match any like-for-like UK quote.
